HOW CAN I LEARN MORE ABOUT THE HISTORY OF ANTI-BLACK RACISM IN THE US?

“Anti-Blackness [is] a two-part formation that both strips Blackness of value (dehumanizes), and systematically marginalizes Black people. This form of anti-Blackness is overt racism. Society also associates politically incorrect comments with the overt nature of anti-Black racism. Beneath this anti-Black racism is the covert structural and systemic racism which predetermines the socioeconomic status of Blacks in this country and is held in place by anti-Black policies, institutions, and ideologies.”
